

## NAUTICAL ACADEMY

Academy approved for teaching all recreational nautical qualifications both shorebased and practical. The Academy is located in the Monte Real Yacht Club of Baiona.

## NAVIGATION SCHOOL

The Spanish nautical qualification system suffers from a lack of hours at sea and knowledge about how to operate a modern boat. We train skippers and crew in special courses for both monohull navigation and catamaran navigation.

## RYA TRAINING CENTER IN BAIONA

Julio Verne Náutica is a recognized RYA training center, unique on the Spanish Atlantic coast.

The RYA (Royal Yacht Association) is a British organization and a world reference in the teaching of recreational navigation because its courses follow the highest training standards. The courses we offer will benefit you in many ways.

## GUIDED ROUTES

On our itineraries along the Atlantic coast, we offer you all our knowledge of the best destinations, marine life and maritime culture of Galicia. Examples are Atlantic Islands National Park Route, Santiago Route by Sea, Julio Verne Route, and many others that we change every year. We also carry out routes tailored to the customer.

## CHARTER / MEDIATION

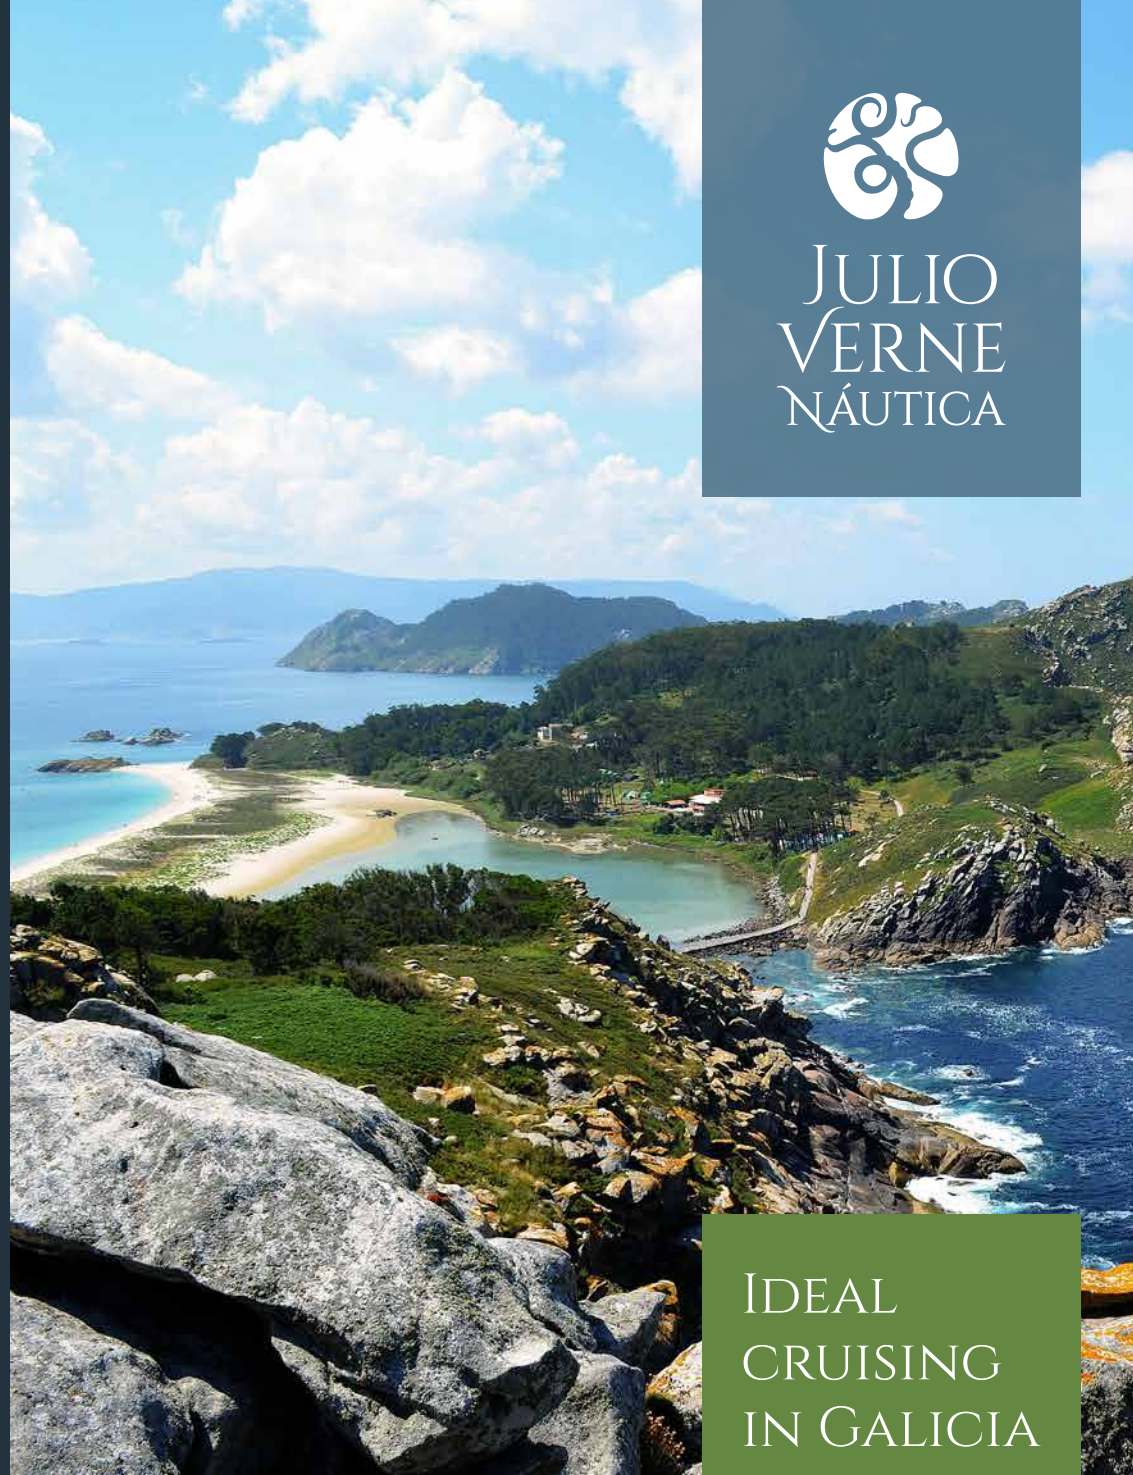

Boat rental from other companies. We work with the best yacht charter companies in the world. We have sailed in all destinations where we offer boats, so that we can advise you on destinations, best season, and type of boats. We also offer our own professional skippers, so you only have to worry about choosing a destination.

## SHIP TRANSPORT

Boat transport by sea. Two forms:

**Convoyage** - Companion of the owner who enjoys an adventure and improves his navigation techniques.

**Turnkey** - Complete service where we take care of everything.

## OWN BOAT RENTAL

We have a fleet of sailboats based at the Monte Real Club de Yates Baiona. All our boats are rented with and without professional skipper.

We stand out for the state of maintenance of our boats and the continuous advice of our customers so that they can enjoy their best holiday on board.

### BAVARIA 34 CRUISER "FIX"

Without a doubt, it is the most successful design of the Bavaria 34. Great Design: easy, funny and spacious.

YEAR/2017	ENGINE /30 cv
LENGTH/9,99 m	CABINS /3
BEAM/ 3,42 m	BATHROOMS /1
